ELRC 8, 9, & 10

Coaching & Consulting Supports

As Early Learning Resource Center 8, 9, and 10, Child Care Consultants has STARS Quality Coaches, STARS Technical Assistance Coaches, and Consultants available to assist providers with support.

Our [Contact List](#) includes each Quality Coach, TA Coach, and Consultant's contact information. Click each underlined name below for specific flyers.

Quality Coaches

Quality Coaches work with specific caseloads in each Region, and they are your first line of defense for any of your needs. They can assist with STARS paperwork, Continuous Quality Improvement goals, professional development needs, staff development, family engagement, and much more. Quality Coaches work mainly with program directors and owners, and are also available for classroom and teacher support.

When you submit a Coaching Request, your Quality Coach will help determine who is best suited to meet your needs. It may be your own Quality Coach, or another Quality Coach, TA Coach, or Consultant, based on your request.

Technical Assistance (TA) Coaches

TA Coaches do not have caseloads and spend their time supporting programs in many different areas, including DAP, lesson planning, behavior challenges, assistance with your chosen internal assessment tool, and many other areas. They also help develop inclusive practices in the classroom for children with special needs. TA Coaches work with directors, owners, and classroom teachers.

Our TA Coaches:

Kim Alloway- Inclusion Support Coach

Lorrie Hall- TA Coach

Elizabeth Marcello- TA Coach

Teresa Wilson- TA Coach

Consultants

CCC partners with consultants to provide additional support in specific areas.

Our Consultants:

Susan Chlebowski- Nature/Play-Based Consultant

Janice Maker- Child Care Health Consultant

Judy Patterson- Child Care Health Consultant

Darrell Steckler- Information Technology Consultant
